

Euromix Concrete Ltd

Quality Policy

Euromix Concrete Ltd is an independent company specialising in the design, manufacture and supply of ready mixed concrete. The Company places particular emphasis on experience, expertise, capability, reliability, quality and the ability to satisfy customer requirements.

The objective of the management of Euromix Concrete Ltd is to provide to the Customer, ready mixed concrete conforming to contractual and regulatory requirements. It is the policy of Euromix Concrete Ltd to establish, maintain and improve an effective and economical management system for the design, production, testing, control and delivery of ready mixed concrete.

In order to achieve these defined objectives the company will measure the process using Key Performance Indicators and defined targets to provide continuous improvement within the management and quality system.

The management system of Euromix Concrete Ltd conforms to the requirements of the current versions of BS EN ISO 9001, BS EN 206-1, BS8500-1, BS8500-2 and the Quality Scheme for Ready Mixed Concrete Quality and Product Conformity Regulations.

The Managing Director is responsible for the overall operation of the quality system but has delegated the responsibility of the Quality Management Representative to the Technical Manager. However, all members of staff are involved in the achievement of quality.

The Company Quality Manual describes how the management system of Euromix Concrete Ltd is designed to ensure that all requirements relating to quality are recognised and that a consistent and uniform control of these requirements is adequately maintained.

Stephen Nicklen
Managing Director
